

Accessing BLM GeoCommunicator's Rangeland Records

The Land and Mineral Use Records Rangeland map is available through the BLM's GeoCommunicator website (www.geocommunicator.gov) and contains information about BLM's range allotments and pastures and BLM's Wild Horse and Burro Herd Management Areas and Herd Areas. Additionally, the "Identify" provides access to the BLM's Rangeland Administration System - RAS (www.blm.gov/ras) allotment reports. The following instructions will guide you through an interactive web mapping session where you can search for Rangeland data and integrate it with other spatial reference themes from the BLM.

Map Viewer with Rangeland Layers

Connect to the GeoCommunicator website at <http://www.geocommunicator.gov>. Use Internet Explorer as your browser. Pop-Ups must be allowed.

Connect to the Rangeland map by clicking "Interactive Maps" on the left menu. Then click "Rangeland".

The map layers (on the right) provide reference themes to provide spatial context that can be used to help you locate an area or to create a map.

Layers that are active have a check mark next to the name and the letters are in **bold**. The map layers in light gray are not active at the current map display. Zooming in/out will activate/deactivate the map layers.

The base maps can be toggled on and off by clicking the buttons under the "Base Maps" folder.

SEARCH For Rangelands in 3-ways

1-Search using Map tools

Click "Zoom In" from the menu bar, then click (hold) and drag a box on the map where you want to zoom in to. Zoom in closer to display the allotments and pastures.

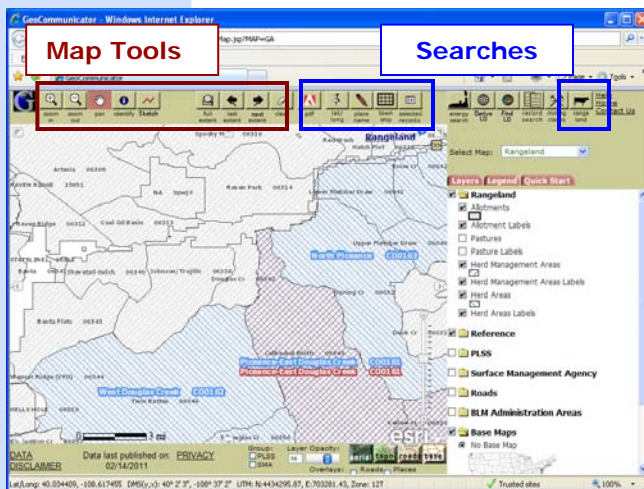

-OR-

2-Search using Place Name

Click on "Place Name" from the menu bar, and enter the name of a place, such as a city, state, county, etc. A list of place names is returned. Click on the appropriate name in the list to zoom to your area of interest.

-OR-

Rangeland Allotments and WH&B Areas

http://www.geocommunicator.gov/ - Rangeland Search - Windows Internet Explorer

Rangeland Search

Advanced Search Options

These fields search across all of the tables in the Rangeland tab. Name will return matching results from Allotment Name, HA Name, USFS Name, etc. Fields that only apply to some tables will only return results in those tables. For example Admin State will only return results from tables that have that column; they include Allotments, Pastures, Herd Areas, and Herd Management Areas.

Admin State (i.e. WY or CO): Name (allotment, pasture, herd area) (one word only) (e.g. Myers, Creek):

Number (allotment, pasture, or herd area #) (e.g. NV0405, 00218): BLM Range Allot/Pasture Admin Field Office (e.g. 320, 015):

BLM Range Allot/Pasture Admin District Office (e.g. 01, 40):

Geographic Search Options

All rangeland data will be returned that occurs in or touches the boundary of the geographic area. Use the Tabs (Rangeland, PLSS, etc.) in the results to locate the data you are interested in. Select one or more of the following

Select a State: Select a Forest:

Search Using the Rangeland Search
